SEPTEMBER 2014

Septembers total of first visits was a very healthy 74, almost double the 28 of last year and only beaten once this millennium, by the 90 of 2006. While it was generally thought the Commonwealth Games would produce a number of first visits, it turned out not to, but the Ryder Cup at Gleneagles did – with 32 associated first visits logged.

Airliners were responsible for 17 first timers, with Boeings ahead on 9 and Airbuses on just 5. Amongst the Boeings were 737s PH-HSE (8th) of Transavia on a football charter, Air Europa with EC-LUT (16th) and Travel Services OK-TVS (19th). Icelandair used their latest 757, TF-ISD (4th) for the first time while Emirates used 777 A6-ENO (12th). A fire warning in the hold led to LOT 787 SP-LRD (26th) diverting in enroute Warsaw with SP-LRB (29th) picking up some items left by RD. Just the one A320 this month – Wizz HA-LYF (19th), though there were three A319s : Lufthansa D-AILD (12th) operating the Dusseldorf service and CSA using OK-NEN (17th) and OK-MEK (18th) to transport Celtic to and from Austria.

There were 34 first visits by bizjets, the best ever total for a single month and obviously helped by the Ryder Cup (see later). Other biz included BD700 CS-GLA (3rd), G550 CS-DKJ (3rd), Horizon N508CK (12th), G550 N899NC (12th), CitX N59TF (15th), Learjet C-GEJD (19th), CL300 OE-HRR (16th) and a new variant, CL350 N501BZ (19th)

There were a few ferry/fuel stops, starting with Be250 N196ZZ eastbound (7th). Two new TBM900s dropped in westbound on delivery, N900GK c/n1029 (12th) followed by N900NP c/n1033 (26th). Flydubai latest 737 A6-FEP passed through eastbound, followed by UN Dash 7 C-FZKM westbound and then eastbound Cessna 208 OK-EKZ - the latter two night-stopped. The next day saw a welcome return of two T6Cs on delivery through Glasgow to the New Zealand Air Force and using civil ferry registrations N2842B and N2845B. Lastly, 'regular' 737BBJ A6-AIN passed through on the 27th and returning again a day later.

Also worth a mention were Be90GTX 9H-MOS (9th), SR22 N29YA (13th), Robinson R44 F-GUSA (17th), PA46 N149C (19th) while a new type variant to Glasgow was EC130 P4-SDL (17th), and also later in month.

Just the one military serialled aircraft to report on, Royal Navy Be350 Avenger II, ZZ501 (11th).
